

Prices

Small Tubular Skylight - provides enough light for smaller areas like most bathrooms, hallways and walk-in closets

Basic Installation: \$500 includes materials (up to six feet of tubing), labor, taxes.

Large Tubular Skylight provides enough light for larger more open areas (12 x 12 or larger) like kitchens, living rooms, family rooms and bedrooms.

Basic Installation: \$600 includes materials (up to six feet of tubing), labor, taxes.

Commercial Sized Tubular Skylight - Prices available for install and DIY upon request.

There are not many cases in which I recommend installing these large skylights in a home as they are very bright.

Solar Powered Attic Fan - Use the power of the sun to ventilate your attic! - \$325
